ARIZONA	9,319	682	671	634	699	710	763	715	748	782	796	814

Note: Due to reporting delays, all numbers are provisional (2007 volume as of 5/20/2008). State annual totals may include case reports of persons with no reported county of residence. Due to the transition to a new (EHARS) data system provided by the Centers for Disease Control in 2/08, classification of some cases may have changed. During the data transition, some cases were re-classified into other categories when conflicting, or erroneous information were found to exist. These changes should not be interpreted as meaningful.
