# PREFACE

This report provides readers with the statewide and county-level vital statistics information for 2001. It is provided in advance of the publication of "*Arizona Health Status and Vital Statistics, 2001*". The latter, complete yearly report will be available towards the end of 2002.

The source documents for the data presented in this report are 2001 vital records: certificates of live births, certificates of deaths and fetal death certificates filed with the Arizona Department of Health Services on or before April 30, 2002. Information on abortions is compiled from reports sent by providers within the state. The counts of marriages and dissolutions of marriage are reported monthly by the Clerk of the Superior Court of each county in which the marriage or dissolution of marriage occurred.

The first part of this report presents a summary of pregnancies by pregnancy outcome, births and deaths, spontaneous and induced terminations of pregnancy, marriages and marriage dissolutions for the state and by county in 2001.

The second part focuses on selected demographic and prenatal care characteristics of the women giving birth (age group, marital status, trimester of entry into prenatal care, party paying for the delivery, number of prenatal visits) and the incidence of low-birthweight.

The third part addresses cause-specific and age-specific mortality by county, urban/rural region and ethnic group in 2001.

The fourth part of the report provides population denominators for 2001 by age group and county of residence. In order to obtain the 2001 population denominators, the 2000 percentages of population breakdowns (or census shares) by age group and gender were applied to total state and county population estimates released by the Bureau of the Census on 4/26/2002 (<http://eire.census.gov/popest/estimates.php>).

It is hoped that this advance vital statistics report will be a valuable resource for public health and other professionals until the full annual report is available. The online version of "Advance Vital Statistics by County of Residence, Arizona, 2001" is available at
