ADVANCE VITAL STATISTICS BY COUNTY OF RESIDENCE ARIZONA, 2005

by

Christopher K. Mrela, Ph.D., *Assistant Registrar of Vital Statistics*
Clare Torres, *Senior Health Data Analyst*

June 2006

PREFACE

This report provides readers with the statewide and county-level vital statistics information for 2005. It is provided in advance of the publication of "*Arizona Health Status and Vital Statistics, 2005*". The latter, complete yearly report will be available towards the end of 2006.

The source documents for the data presented in this report are 2005 vital records: certificates of live births, certificates of deaths and fetal death certificates filed with the Arizona Department of Health Services on or before April 28, 2006. Information on abortions is compiled from reports sent by providers within the state. The counts of marriages and dissolutions of marriage are reported monthly by the Clerk of the Superior Court of each county in which the marriage or dissolution of marriage occurred.

The first part of this report presents a summary of pregnancies by pregnancy outcome, births and deaths, spontaneous and induced terminations of pregnancy, marriages and marriage dissolutions for the state and by county in 2005.

The second part focuses on selected demographic and prenatal care characteristics of the women giving birth (age group, marital status, trimester of entry into prenatal care, party paying for the delivery, number of prenatal visits) and the incidence of low-birthweight.

The third part addresses cause-specific and age-specific mortality by county, urban/rural region and ethnic group in 2005.

The fourth part of the report provides population denominators for 2005 by age group and county of residence. In order to obtain the 2005 population denominators, the 2000 percentages of population breakdowns (or census shares) by age group and gender were applied to total state and county population estimates released by the Department of Economic Security on February 23, 2006.

It is hoped that this advance vital statistics report will be a valuable resource for public health and other professionals until the full annual report is available. The online version of "*Advance Vital Statistics by County of Residence, Arizona, 2005*" is available at
