First, "July 2011 Population Estimates for Arizona Counties", released by the Office of the State Demographer provided population estimates at the county-level. It is important to note that the data tabulated above match the July 2011 estimates. Second, the information about the population breakdowns by age, gender, and race/ethnicity is based on "April 1, 2010 Bridged-Race Population Estimates" available online on the National Vital Statistics website.
