Notes: \* cell suppressed due to count less than 6; \*\* cell suppressed due to rate based on count less than 6; † sum rounded to nearest tens unit due to addend less than 6;<sup>1</sup> per 100,000 population in specified group; for infants under 1 year of age, the number of births is used as the denominator; many rates shown in this table are based on a small population, a small number of events, or both; rates based on small numbers (10 or less) are not statistically reliable.
