Notes: \* Cell suppressed due to non-zero count less than 6; \*\* Cell suppressed due to rate/ratio/percent based on non-zero count less than 6; † Sum rounded to nearest tens unit due to non-zero addend less than 6; <sup>a</sup> Per 100,000 population in specified group; For infants under 1 year of age, the number of births is used as the denominator; Many rates shown in this table are based on a small population, a small number of events, or both; Rates based on small numbers (10 or less) are not statistically reliable.
